TICKET / CITATION REVIEW POLICY

The New Hampshire Attorney General's Office closely monitors the adjustments (commonly referred to as "ticket fixing") of tickets/citations issued by law enforcement agencies.

The policy of the Gilford Police Department is to review all tickets/citations issued by officers; however, **no adjustments will be made unless some type of bonafide emergency existed at the time of issue.**

This policy pertains, as well, to all issued parking tickets. Failure to display current year parking decals or guest cards are not considered bonafide emergency situations.

Should you have additional questions please feel free to contact me for an appointment.

Sincerely,

Eric T. Bredbury
Sergeant
